1953 FWD 1000 (AUBURN PARK)

A house very much remembered of but pictured very little in the memories of the new generation in the fire service is this historic reprint of the former quarters of Engine 32, on the southwest corner of Washington & Michigan Blvds; also quartered here was Truck 9 and Squad 1, and buggy of 1 ST Battalion can be seen on outside driveway. Note water fountain for horses along side of fire house.

ENGINE 22

Engine 22 - with steamer and hose wagon on street in front of quarters in Webster Avenue near Cleveland Ave about 1915 when billowing smokestacks and racing steeds were a common site on the streets of old Chicago.
